#### Comments about the session:

- Excellent - really enjoyed the segment and appreciated getting the book!
- Think her tiredness interfered with her presentation.
- Best session among many good ones. Dynamic and a good complement to other speakers' remarks.
- Great info but terrifying!!!
- Extremely impressive! Very clear articulation of the economic conditions and her positions.
- Thank you for her book. Best speaker overall!
- Outstanding, riveting speaker and highly informative. We are so fortunate to have heard her voice.
- I wish she had more time to talk about the solutions. Thanks for the book. Hopefully it will provide the path out of the dark future she painted in her talk.
- She was a poised and effective speaker with lots of knowledge to share. The talk was a bit too much of a promotion for her book. Lots of detail, but it would have been easier to digest if some stories to illustrate her points.
- This should have had more time allocation. It was an intriguing, comprehensive view of some of our economic challenges.
- Incredible - she is amazing and I loved her presentation. I would have been happier if she had had the entire lunch presentation because she is so good. Thank you for providing her book!
- Wish you had access to a Kindle download of the book. I don't lug books around anymore!
- Dr. Moyo has an excellent command of her facts and is wonderful speaker.

- Excellent — wish you would have let her speak longer and go for much shorter with some of the others. Thanks for the book.

- Dambisa Moyo was very impressive and insightful. She reinforced what the Gallup speaker had to say about productivity. Love that we received her book!
- Dynamic speaker with great insights about global challenges. Look forward to reading her book. Thanks for providing. E-version gift certificate for bonds might be something to consider (if it exists).
- Very thoughtful and thought -provoking...thank you!
- Outstanding content.
- I wish we had more time for her to share solutions to the challenges she laid out as well as an opportunity to take questions from the audience.
- Great session! Q&A was really lacking and then some slides.
- Phenomenal speaker; insightful session.

- Fantastic!!!
- So interesting! I wish she had short-handed the problem definition, and spent more time challenging thinking re her 10 recommendations.
- So much content, so little time! Thank you for the book.
- Excellent in all regards. Relevant, thought provoking and extremely well presented. Very impressive.
- I wish she would have been given more time.
- Brilliant, just brilliant!
- This topic was so broad that it didn't relate directly to a board member's role well.
- BEST SPEAKER OF CONFERENCE SO FAR!!!!
- She is really spectacular. The session was very relevant.
- Amazing! Thank you!
- Very thought provoking talk. I look forward to reading the book. Thank you.
- Outstanding!
- She was awesome. What a mind-blowing presentation.
- Very thought provoking...can't wait to see the blog and read her book. Thank you!
- Very thought provoking.

- Profound.
- Exceptional speaker!
- VERY thought provoking.
- Great speaker, full of knowledge.
- While highly articulate, it seemed her objective was to develop a need to purchase or read her book. I found her to sensationalize and selectively employ facts to accomplish her objective. Also, her talk diverged significantly from the conference scope and I could not apply any of the concepts she spoke about.
- Superb in every way!!
- Even a few slides (2-3) would have helped with understanding the 6 main issues. Thank you for the book.
- Interesting topics, good solutions.
- Moyo is riveting! A different level of thought provoking ideas!
- Fascinating and very engaging.
- She makes a very compelling case and is a really effective, passionate speaker.
- Would have been better to focus on a few topics as a base of lightly touching everything.
- Insightful and clear. Also thrilled that the chosen economist is not another white male. She is dynamic!
